CALL 0141 221 9924 FOR ADVICE & GUIDANCE ON ANY ENQUIRY

The Benefits System is complex and can be daunting for people who are unfamiliar with it. People assume they have no entitlement but there are **NON MEANS** tested Benefits, that can trigger other Allowances and Rebates. It is not just about maximising income, it is also about reducing outgoings.

Please **DON'T** assume. Contact one of our Welfare Officers for advice and guidance. We cover the whole of Glasgow, and we can arrange a Home Visit if necessary. We pride ourselves in being one of the only "Hands on Charities" in Glasgow, who offer advice face to face or in the comfort of the clients own home.

CALL US FOR A BENEFIT CHECK OVER THE PHONE AND IF YOU HAVE AN ENTITLEMENT, THEN WE WOULD BE HAPPY TO GUIDE YOU TO ACCESS IT.

Clients' comments:

"They came to visit me at home and were courteous and efficient and made me feel at ease. As well as getting Attendance Allowance I have also now received my blue badge which has eased my life immensely. Thank You"

"With the help from my welfare officer I was able to claim extra money which I can now use to get taxi's that help me to keep in touch with my friends, and visit them more often"

"I have learned a lot more about this Organisation and what they do and what they offer. Amazing!"

"My welfare officer was patient, kind and caring and the service I received was excellent. It is a great comfort to know that there is a service out there that can help us and they care"
